

Sono Motors IPO: SEV Starts Trading on Nasdaq

November 17, 2021

First Day of Trading on Nasdaq Under the Ticker Symbol "SEV"

MUNICH, Germany, Nov. 17, 2021 (GLOBE NEWSWIRE) -- Sono Group N.V. (NASDAQ: SEV) (parent company to "Sono Motors GmbH", "Sono Motors" or the "Company"), the Company that seeks to revolutionize the future of solar-powered transportation, today celebrates its first day of trading on the Nasdaq Global Market under the ticker symbol "SEV".

A pioneer and technological leader in the field of solar-powered electric mobility, Sono Motors continues to pursue its mission to incorporate solar on every vehicle. The Company is starting to monetize its proprietary solar technology for integration into different types of vehicles, including buses, trucks, camper vans, trains, and even boats, thereby furthering its ambition to reduce carbon emissions and to provide clean and affordable transportation for the masses. Their solar electric vehicle (SEV), the Sion, aims to blend innovative solar technology with affordability to enable individual contribution to global sustainability.

The Sono Motors leadership team will commemorate the Company's listing by ringing the Nasdaq Opening Bell on Thursday 18 November 2021.

Berenberg is acting as sole global coordinator for the proposed offering. Craig-Hallum will act as co-manager for the proposed offering.

This press release does not constitute an offer to sell or the solicitation of an offer to buy any securities, nor shall there be any sale of these securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.

ABOUT SONO MOTORS

Sono Motors is on a pioneering mission to accelerate the revolution of mobility by making every vehicle solar. Its disruptive solar technology has been developed to enable seamless integration into all types of vehicles to reduce the impact of CO2 emissions and pave the way for climate-friendly mobility.

Sono Motors is developing the world's first solar electric vehicle (SEV) for the masses, the Sion. Empowered by a strong community, Sono Motors has amassed more than 16,000 reservations with advance payments for the Sion. These vehicles will be produced through contract manufacturing with customer deliveries expected to begin in the first half of 2023.

Sono Motors' proprietary solar technology has been engineered to enable integration and licensing for a wide range of vehicle architectures that go far beyond the Sion, such as buses, trailers, trucks, camper vans, trains and boats.
