

## Sono Group N.V.'s Subsidiary Launches New Solar Kits for Trucks and Vans, and High-Voltage Products for Trailers

September 18, 2024

### Advancing Sustainable Mobility with Custom Solar Solutions for Commercial Fleets

Munich, Sept. 18, 2024 (GLOBE NEWSWIRE) -- The solar technology company Sono Group N.V. ([OTCQB: SEVCF](#)) (hereafter referred to as "Sono" or the "Company", parent company to Sono Motors GmbH or "Sono Motors") is excited to announce Sono Motors' expansion of its product portfolio with the introduction of new solar kits for trucks and vans. In addition to these offerings, Sono Motors is unveiling the next generation of high-voltage solar products designed specifically for semi-truck trailers and other electric transportation vehicles.

The newly launched solar kits and high-voltage products are available to customers starting today. These products are tailored to meet the diverse needs of fleet operators, offering both standard and custom solar solutions for trucks, vans, and trailers. Sono Motors' solar solutions are designed to help businesses reduce the total cost of vehicle ownership through the onboard generation of green electricity, which lowers fuel consumption and CO2 emissions.

"Our expanded range of solar kits and high-voltage products reflects our ongoing commitment to delivering solar mobility solutions that meet the evolving needs of our customers," said Georg Zurmühl, Head of Product Management at Sono Motors. "By offering specialized solar options for trucks, vans, and trailers, we are providing fleet operators with more tools to reduce their operational costs and environmental impact."

These new products are part of Sono Motors' broader strategy to advance sustainable mobility in the commercial vehicle sector, aligning with the company's mission to provide practical and eco-friendly solutions for transportation.
